Dear Congressman Ortiz,

I regret to inform you that you have been selected by our committee to be replaced in the 2010 congressional election. This drastic action has been brought about by your apparent inability to control your impulses regarding spending our tax monies on projects and programs that ultimately harm the people that you are sworn to serve. You have been on the job in Washington since 1983, and I think that the time has come for you to let some younger person, without an insider mentality, take over the Texas District 27 position in Congress. If you aren't going to be part of the solution, then you must be the problem.

I look forward to doing my best to lead the fight against your re-election, and I am hopeful that you will realize that the time has come for you to end your congressional career and retire.

Sincerely,

Warren Welch
Chairman
